“ We have had this fixture on our front post for about five years now. Winter, spring, summer and fall. Its still beautiful and finish has not deteriorated at all. Very easy to change lightbulb. I had initially used a bulb in the 5000K colour range. Too bright. Lit up the front like the sun. Now use a CFL bulb in the 3000K range. Also have five wall mounted fixtures #9039BK on the house. ”
