Geometric lines suspend soft orbs for a style that wows at first sight. From mid-century modern living spaces to contemporary kitchens to minimalistic dining rooms – Aura’s asymmetrical grid adds balance and interest to a variety of decors.

“What I love about the soft modern look is the blending of up-to-date trends with simple clean forms. Pure geometric shapes are used in new and unexpected arrangements. The modern style distills these trends into their purest forms, providing great functional light with sculptural ‘wow’ looks.”
