“ I am in love with my new light fixture, besides my family tree of photos, this is my favorite part of my home! In old bronze is absolutely stunning! It lights up not just my dining room but also my living room, having the five separate lights which you can fan out in any direction is perfect for lighting an entire room unlike my old dome light fixture. The brightness is absolutely incredible! It also comes with three separate extensions so whether you have low ceilings or extremely high ceilings this chandelier is perfect because you can add 1-3 extension or not have an extension at all. The install was extremely easy as well it took my boyfriend about 10 minutes to put together and install it. I'm so happy with this chandelier and highly recommend it!! ”
