Kichler took the original small Generation I Low Profile LED Downlight and made it better. Offering the same domed diffuser and extending just 1.25" from the ceiling, the 43878 fixture now disperses 600 lumens of light and is T-24 compliant in all conditions. Damp rated for outdoor ceilings, this fixture is ideal for coastal environments. For installation efficiencies, the 43846 downlight is now available in 24-count bulk packs.

LED Downlights - Generation I

ITEM #	FINISH	LIGHT SOURCE	LED OUTPUT	DIMENSIONS	HCWO	NOTES
A	43846 WHLED27, WHLED27B	(1) 15W     *	2700K, 90 CRI, 850 Lumens, 57 LPW	7.5W x 1.25H	3.75	  Dimmable. Wet indoor ceiling, damp indoor wall. Item number with "B" signifies 24 count bulk pack.
