

## Versatile lighting that's at home in and out of water.

Enhance and highlight flowing water in waterfalls, streams and fountains. Create a magical mirroring effect on still waters, like ponds and water features. This integrated LED accent light features a rugged construction sealed against the elements for full submersion applications. The stainless steel housing with integrated cowl stands up to harsh environments. With a 60-degree beam spread and choice of color temperatures, you're sure to find everything you need for your application. The Out of Water Bracket accessory creates even more application possibilities beyond water features.
