

# Advanced Product Solutions & Layout (APS)

## Helping You Get The Job Done.

Our Advanced Product Solutions & Layout (APS) Team is a free service provided to our partners to help with design, layout, and technical challenges.

Need to know which cabinet lights to use in a kitchen? Or how to achieve the best lighting effects for your landscape project? Send our layout team your plan. Want to understand how one of our products will operate in a unique location? Give our Technical Support Team a call.

### CERTIFIED EXPERTS

With years of combined technical and design training, our APS team is ready to support your layout design service needs for the interior, exterior, commercial, or residential spaces, as well as technical guidance on our entire product line.

A FREE service, only for Kichler partners.
